### Updates From Excom

**12/17/20**-The 2021 Excom and chair positions met for the first time today. We discussed what the January Virtual Team Challenge might look like, decided on a hotel for Spring Break 2022 (we will be staying at the Towneplace Suites by Marriott in Oak Ridge, TN), and looked at some of the features available for us to use on Campus Groups. We also had individual transition meetings with the outgoing people in each position so that the expectations for each role are clear.

## Reminder: Fill out the Workout Tracker!

Don't forget to continue to fill out the workout tracker after each workout. For the time being, workouts will be on-your-own but we still want to see what you are up to. Let's hold ourselves accountable this holiday season!

## **So, What Will Spring Semester Look Like?**

As of now, a lot is uncertain. The Athletic Department and the University at large are still working out what will be allowed and what won't be. With the distribution of a vaccine and a semester of experience under our belt, the situation will likely evolve throughout the Spring Semester. Stay tuned for more details.
