A STROKE OF GENIUS

YA GOTTA REGATTA...

Our first race is a month and a half away. It's time to get back on the water and working together, or just plain working. There are lots of preparations to be made, boatings to be put together, people to recruit... Here's why:

Cleveland Sprints (September 18): To be held about a month after we return, please be ready to practice before classes begin!

Head of the Ohio (October 2): Anyone interested in rowing this 2.5-3 mile course in Pittsburgh call Karen Glowacki (1-800-321-6984 ext. 5001). If you thought 1800 meters was rough, training for this should be really intense!

Speakmon (October 30): This will probably be the main focus of the season for novices. This race is awful close to the end of October so a lot of us may have to be entered in open races. Call Karen in regards to your racing status. Let's carry some medals home from this trip to Columbus!

Possibly? Our calendar allows for scheduling an extra Head race or two. I have yet to discuss this with Tim and Karen, though. I will hear from them later this week, but Karen thinks the MWF practice schedule is still the best for all of us.

Other trips you can make this summer:

Royal Canadian Henley: August 4-8 at St. Catharines, Ontario, Canada. It's not England, but it should be just as exciting!

OTHER STUFF...

I have 2 extra "crew wisdom" T-shirts that I got from BackSplash at the NCRC. They are printed on both sides and are \$15 apiece. I have ONE "Absolut Crew" shirt left from the Pittsburgh crew. It will be \$11 after shipping. Send a check (yes, more money) to Cindy to reserve a shirt. I have an invitation from the Pittsburgh crew to order more, but don't wait until the last minute to tell me!

UNTIL NEXT TIME...

Summer's almost at an end. Was as good as our season last year? Could it have been better? I really enjoyed being your president. It was an awesome responsibility and I hope that I can help you as much or more next semester. Congratulations, and Good Luck, Jen! Here's to next year! See you back at school!

Until next month,
Cindy Ching, editor(?)
