

2008 Alumni Regatta Packet

Rules

- 1) Final boat lineups will be presented on race day, however preliminary lineups can be found below
 - Lineups were made by putting alumni/people who are not rowing this semester together
 - Organizing current rowers by year
- 2) All races will be 500m dashes. We will be running a single elimination tournament style for first and second places. A second bracket will determine third and fourth places.
- 3) We will be hot seating two 4+s. The choice in boat will go to the boat with the oldest member of the team in it. Should the oldest team member be from the same year in both lineups the decision will be made by "choose a number from 1 to 10" (closest wins).
- 4) There will be a BBQ. All are welcome to enjoy the food.
