

Spartan / Tartan Scrimmage

October 14, 2017 | Cuyahoga River | Cleveland, OH

RACE REPORT: After 5 years of trying to find a weekend, the coaches at Carnegie Mellon University and CWRU were finally able to find a weekend where a scrimmage could happen.

On a very pleasant fall morning, the CMU Tartans came to participate in what we hope is the beginning of a renewed tradition. (After all, the name “Spartan / Tartan” couldn’t brand itself any better, could it??).

The Buffalo Lower Lakes Freighter made it’s entrance causing a 45 minute delay, and several pleasure craft made the regatta adapt, but after three rounds of racing, the scrimmage was deemed a great success. The event was joined by several Cleveland-based alumni and parents—it was great to see you all! Parents even came in from Pittsburgh and beyond to root for rowers from Carnegie Mellon.

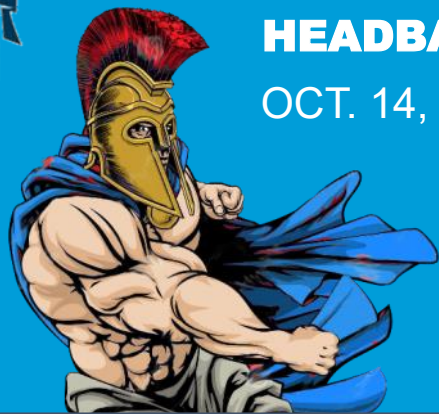

The conditions were flat, with about 75° and sunny. The race course, 2,750m, was from the deep pocket of the Old River Bed back to the CRF docks. Overall a great experience.
